MDL 2724

THIS DOCUMENT RELATES TO:

HON. CYNTHIA M. RUFE

ALL ACTIONS

JOINT STIPULATION TO EXTEND CERTAIN PRETRIAL DISCOVERY DEADLINES

WHEREAS the Court entered a Case Management Order and Discovery Schedule on October 24, 2019 (Pretrial Order No. 105, ECF 1135) setting forth certain deadlines for the management of and discovery schedule for cases pending in the MDL as of September 1, 2019¹ (and, for the avoidance of doubt, this stipulation applies to those Defendants named in this MDL for the first time in cases filed before September 1, 2019, as identified in footnote 1);

WHEREAS the Court extended certain of the deadlines in PTO 105 when it entered Pretrial Order No. 110, ECF 1179;

WHEREAS the Court extended the PTO 105 Section 5(c) deadlines when it entered PTO 123 ¶ A, ECF 1363;

WHEREAS, under PTO 123 ¶ A, new proposed deadlines for Section 5(c) of PTO 105 were to be negotiated and submitted to the Special Master as soon as practicable;

¹ The Stipulating Defendants are: Actavis, Amneal, Apotex, Ascend, Aurobindo, Bausch/Oceanside, Breckenridge, Citron, Dr. Reddy's, Epic, G&W, Glenmark, Greenstone, Heritage, Impax, Lannett, Lupin, Mylan, Mayne, Par, Perrigo, Sandoz, Sun-Mutual, Taro, Teva, Upsher-Smith, West-Ward Pharmaceuticals Corp. (n/k/a Hikma Pharmaceuticals USA, Inc.), Wockhardt, and Zydus. Defendant Akorn was named in this MDL before September 1, 2019, but is no longer participating in this litigation, due to operation of the statutory bankruptcy stay.

WHEREAS the parties in the MDL have engaged in extensive, good faith negotiations to identify and agree upon the drugs, formulations, and strengths for which “transaction-level sales data and cost information” falling within the scope of PTO 105 will be produced;

NOW, THEREFORE, it is jointly stipulated and agreed by and among the parties, through their undersigned liaison counsel, that the following provisions shall supersede and replace section 5(c) of PTO 105:

* * *

- c. Deadline for substantial completion and completion of Defendants’ production of transaction-level sales data and cost information:
 - i. Bellwether defendants’ data relating to bellwether drugs, formulations, and strengths, as identified in the attached Exhibit A: **September 30, 2020 (substantial completion); October 16, 2020 (completion),²**
 - ii. Non-bellwether defendants and production of data for non-bellwether drugs, formulations, and strengths in the MDL as of May 1, 2020, as identified in the attached Exhibit B: **November 2, 2020 (substantial completion); November 23, 2020 (completion).**

* * *

It is so **STIPULATED**.

² By separate agreement of the parties, Greenstone’s deadline for the agreed drugs is October 16, 2020, with remaining bellwether drugs to be produced by November 6, 2020. Greenstone will produce transactional data for the non-bellwether drugs in the MDL as of May 1, 2020 on a separate schedule to be discussed by the parties. Aurobindo’s deadline for production of transactional data for bellwether drugs is November 2, 2020. Amneal will produce data for bellwether drugs, formulations, and strengths on or before October 23, 2020 and data for the remaining drugs, formulations, and strengths in the MDL as of May 1, 2020, subject to its prior agreement with the Plaintiff States, on or before November 30, 2020. Sandoz will produce bellwether data, as previously described to Plaintiffs by correspondence dated August 18, 2020, by September 30, 2020, and its completion deadline for bellwether data is October 30, 2020. Sandoz will also make rolling productions of data for drugs, formulations and strengths in the MDL as of May 1, 2020, as identified in the attached Exhibit B by December 31, 2020, and complete those non-bellwether data productions by January 21, 2021.
